

The UK Parkinson's Disease Clinical Studies Group

Interested in Parkinson's Clinical Research?

The UK Parkinson's Disease Clinical Studies Group (UK PD-CSG) is a national group working to develop & support Parkinson's Clinical Trials.

We aim to make it easier for people with Parkinson's to participate in clinical trials, no matter where they live in the UK.

Members: The UK PD-CSG has over 50 members who include Parkinson's Disease Specialist Nurses, Geriatricians, Neurologists, People with Parkinson's, Charity Representatives, Researchers, and others. **We are keen to engage with more professionals to support their involvement in PD Clinical Research.** This includes individuals who are experienced in research, and those who are new to research but interested in becoming more involved.

Key Activities: The UK PD-CSG holds regular meetings where studies of particular interest are presented, strategic Parkinson's research discussions occur, and collaborations are facilitated. We coordinate a variety of workstreams to support researchers deliver high quality research, including supporting those who are new to research.

Interested? If you would like to find out more, please contact our Coordinator, Emma Davies (md4ecd@sheffield.ac.uk) or visit the [UK PD-CSG website](#). If you have any questions please do get in touch, we'd love to hear from you!

Membership: We encourage interested individuals to apply to be a member via our [webpage](#).
